

§ 131D-2.15. Resident assessments.

(a) The Department shall ensure that facilities conduct and complete an assessment of each resident within 72 hours of admitting the resident and annually thereafter. In conducting the assessment, the facility shall use an assessment instrument approved by the Secretary upon the advice of the Director of the Division of Aging and Adult Services. The Department shall provide ongoing training for facility personnel in the use of the approved assessment instrument.

The facility shall use the assessment to develop appropriate and comprehensive service plans and care plans and to determine the level and type of facility staff that is needed to meet the needs of residents. The assessment shall determine a resident's level of functioning and shall include, but not be limited to, cognitive status and physical functioning in activities of daily living. Activities of daily living are personal functions essential for the health and well-being of the resident. The assessment shall not serve as the basis for medical care. The assessment shall indicate if the resident requires referral to the resident's physician or other appropriate licensed health care professional or community resource.

(b) The Department, as part of its inspection and licensing of adult care homes, shall review assessments and related service plans and care plans for a selected number of residents. In conducting this review, the Department shall determine:

- (1) Whether the appropriate assessment instrument was administered and interpreted correctly;
- (2) Whether the facility is capable of providing the necessary services;
- (3) Whether the service plan or care plan conforms to the results of an appropriately administered and interpreted assessment; and
- (4) Whether the service plans or care plans are being implemented fully and in accordance with an appropriately administered and interpreted assessment.

(c) If the Department finds that the facility is not carrying out its assessment responsibilities in accordance with this section, the Department shall notify the facility and require the facility to implement a corrective action plan. The Department shall also notify the resident of the results of its review of the assessment, service plans, and care plans developed for the resident. In addition to administrative penalties, the Secretary may suspend the admission of any new residents to the facility. The suspension shall be for the period determined by the Secretary and shall remain in effect until the Secretary is satisfied that conditions or circumstances merit removing the suspension.
